

# CABLE MANAGEMENT Systems

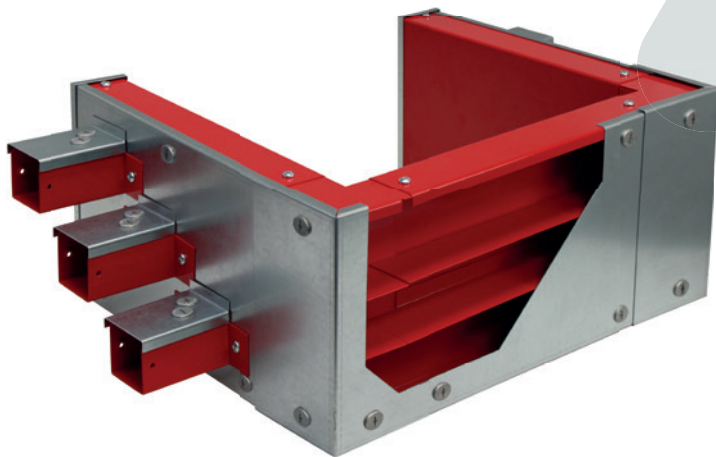

## RAIL SOLUTIONS

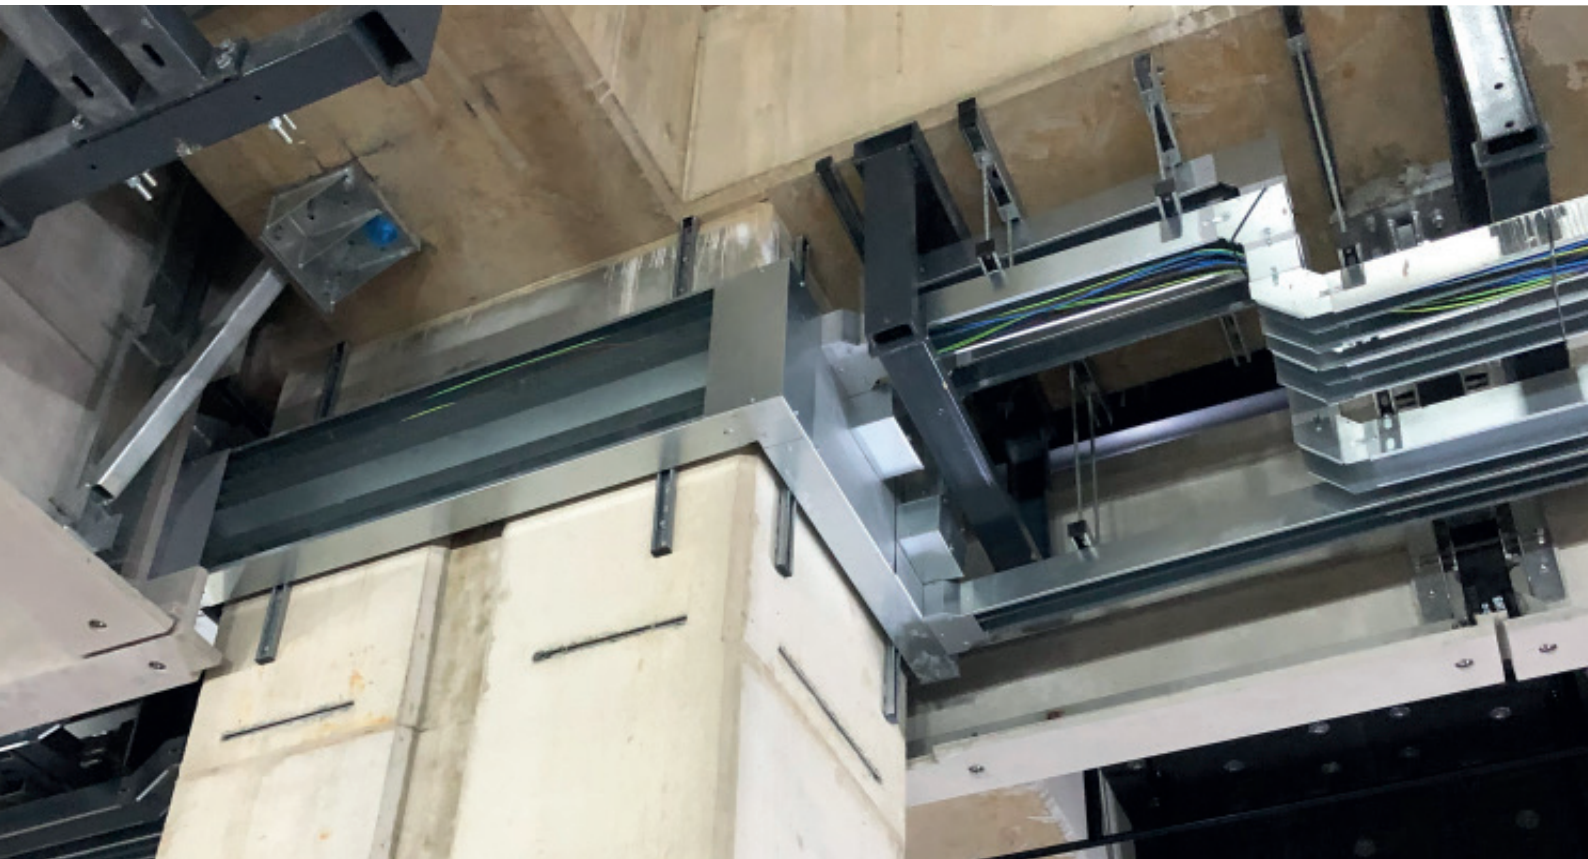

Armorduct are a UK manufacturer of cable containment systems with a history of successful rail projects including **Crossrail**, **Northern Line Extension** and now specified for **HS2**.

We provide standard and specialist cable management solutions for the rail industry that are **Network Rail** and **TfL/LUL approved**.

Our extensive product range is backed by an **in-house design** team with over 25 years' experience of partnering with clients to develop unique and custom **value-engineered** solutions for the most challenging projects.

BESPOKE MULTI-COMPARTMENT SCREWBUSH IP4X CABLE TRUNKING

**BIGGER • BETTER • BRITISH**

OUR MODULAR SOLUTIONS  
ARE PRE-ASSEMBLED ONTO  
CHANNEL BRACKET FRAMES

We are proud to be members  
of BEAMA, the UK trade  
association for  
manufacturers and providers  
of energy infrastructure  
technologies and systems.

Our services include the fabrication of complete containment solutions, supplied as **modular sub-assemblies**, ready to be installed. This reduces installation time, and minimises onsite labour, waste, and cost, whilst ensuring certainty for quality and sustainability standards.

MULTI-LIDDED TRUNKING  
WITH LID RETAINING CHAINS  
FOR SAFETY AND  
MAINTENANCE

Working closely with our customers is the best way to ensure successful outcomes. Collaborating on our process below, allows us to deliver prototypes and final products within unrivalled lead times.
